Subject: Notice of File Closure for Small Mining Operation, Cotton Blossom,
S/023/063, Juab County, Utah

Dear Ms. Smith:

This letter is to notify you that the Division file, S/023/063, for the Cotton Blossom small mining project, located in Juab County, Utah, will now be closed.

We received notification from the BLM that they recently inspected the project area and found reclamation was not required as no surface disturbance took place under your notice. Because you did not request that your BLM notice be extended by submitting a financial guarantee, the BLM notice has expired and no further work is authorized. As your project was located on BLM managed lands, and as you have no longer have a notice, and because the BLM stated that reclamation is required, the Division will close our file for this small mining operation accordingly.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. You are no longer required to pay the \$150.00 permit fee. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5321.

Sincerely,

Tom Munson
Senior Reclamation Hydrologist
